

DIVERSIFIED WELL LOGGING LLC QUALITY POLICY STATEMENT

Diversified Well Logging LLC is committed to consistently providing quality products and services by:

- Complying with the requirements of pertinent regulatory agencies;
- Understanding and exceeding the needs and specifications of our clients;
- Putting in place clear processes and work instructions that support quality and safety goals;
- Providing the training and skill assessments needed to meet quality objectives;
- Providing rapid turnaround of client requests using cost-effective procedures so that we can remain profitable while saving money for our clients;
- Factual decision making – decision are on analysis of data and information.
- Continual Improvement – is the permanent objective for overall performance of the organization.

The senior management of Diversified Well Logging LLC has provided, and will continue to provide, a safe environment suitable for our employees to achieve these objectives

A handwritten signature in black ink, appearing to read "A. Swanson", is written over a horizontal line.

Aaron Swanson, COO
